DESCRIPTION:

Interface Franchise Owners provide their clients with immediate solutions to their CASH FLOW problems. Interface clients are the owners and managers of businesses with current, quality receivables who seek to convert those receivables into immediate cash to fuel their expansion needs. Interface is a network of Franchise Owners and Headquarters Staff working together to solve the “working-capital” needs of entrepreneurs and growing businesses. Here you will find a sense of community and history within an organization that has focus and a purposeful mission. That mission is twofold but simple: Speed up Cash Flow for businesses through a proven operating system and build powerful business opportunities for our franchisees, create a sound sense of community, and offer a support system that enhances the growth of the entire network.
